Alienation-- land and revenue--(South Kanara)--Udipi Taluk--Puttur village--Depressed Classes Mission--extension of time--proposals submitted.

The extension of time granted to the Depressed Classes Mission, Mangalore, in G. O. No. Mis. 1382 Revenue dated 4th August 1933 (communicated with B. P. Mis. 2248 L. R. & Sett dated 10th August 1933) for completing the conversion into an agricultural settlement of the lands measuring 118.92 --- acres in Puttur village, Udipi Taluk alienated in its favour, expired on 15th April 1935. The exemption of the lands from assessment has also agreeably to condition 11 of the conditions alienation (please see G. O. No. Ms. 752 Revenue dated 16th Apri 1930 communicated with B. P. Mis. 1261 L. R. & Settlement dated 25th April 1930) expired on the same date. The questions of extension in each case have therefore to be taken up for consideration now from the same date viz. 16th April 1935.

2. I invite a perusal of my report to the Board Ref. B3--2644--33 dated 3rd July 1933 in reply to Board's ref. B. No. 1904/33--2 dated 22nd May 1933 . The extent of the lands alienated in favour of the Mission was revised in Government Memorandum No. 16 F/34-1 dated 5th January 1934 (B.P. Mis. 146 L. R. & Sett.

dated 15th January 1934) and the revised extent of the plots is noted in the margin. The eye-sketch enclosed shows the improvements as they now exist on the ground.

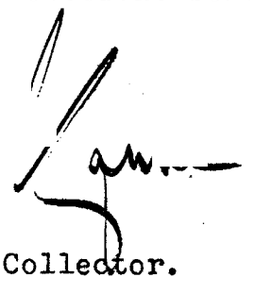
	Acres.
227--1	12.91
227--2A	0-30
227--3B	0-92
228--2A	0-14
228--3B	4-65
	18.92

It will be seen that no portion of the 5.31 acres in 227/1 referred to in paragraph 3 of Board's reference B. 1904--33--3 dated 14th July 1933 has been developed after that date, but that in S. No. 228/3 there is only a small portion 1.18 acres reserved for teachers' quarters which still remains undeveloped. The total extent now remaining undeveloped is therefore much less than half the extent alienated. The Mission has been attempting all along to do its best but the lack of funds and of support from sympathisers in Udipi and its neighbourhood has stood in the way of the fulfilment of its efforts. It still continues the school for the benefit of the Koragas and all the six houses built by it are now occupied by Koraga families. The intention was to teach Koragas agriculture. Actually the adult Koragas still refuse to take up agriculture and the hope of the Mission is in teaching the young generation. It seems difficult to expect more from it at present however and it may therefore be considered whether, as recommend by me in my report Ref. B3--1527--33 dated 10th May 1933, the Mission may not be now considered to have complied with the conditions of the grant. When the children in the Settlement grow they will require the land remaining undeveloped for agricultural operations and the purposes of the grant will thus be fulfilled naturally in course of time. Alternatively a further extension of time for 2 years may be granted to the Mission for the complete conversion of the land in accordance with the conditions of

from payment of land revenue.

4. Above all, I would emphasise that there is no other organisation able to take over the work done by the Mission and show better results. The Mission has, as stated above been doing good work and there is no reason to deny it encouragement or to refuse to continue the concessions already granted to it by Government.

Your obedient servant,



Collector.

Alienation-- land and revenue--(South Kanara)--Udipi Taluk--Puttur village--Depressed Classes Mission--extension of time--proposals submitted.

The extension of time granted to the Depressed Classes Mission, Mangalore, in G. O. No. Ms. 1382 Revenue dated 4th August 1933 (communicated with B. P. Mis. 2248 L. R. & Sett dated 10th August 1933) for completing the conversion into an agricultural settlement of the lands measuring 18.92 acres in Puttur village Udipi Taluk, alienated in its favour, expired on 15th April 1935. The questions of extension in each case have therefore to be taken up for consideration now from the same date viz. 16th April 1935.

Alternatively a further extension of time for 2 years may be granted to the Mission for the compl conversion of the land in accordance with the conditions of alienation.

3. The Mission does not derive any income from the Settlem and it is not charging any rents to the Settlers. The lands may therefore be exempted for a further period of five years

from payment of land revenue.

2/ The Board supports the Collector's recommendation to exempt the Mission from payment of land revenue for another five years as it is not likely to derive any income from the lands for some years to come. The Board is sanctioning the extension of time applied for by the Mission separately.

3 In the circumstances

~~Stated~~ reported by the Collector the Board sanction an extension of time for 2 years from 16th April 1935 for ~~completing the~~ conversion into an ~~agricultural settle~~ of the land measuring ~~to~~ 18 acres 92 cents in Puttur Village, Udipi Taluk, South Kanara DT which was alienated in favour of the depressed classes Mission/ in G.O. alienation Land and Revenue (S. Kanara) Udupi Taluk Puttur Village. Depressed classes Mission Extension of time

B4001/35 PP 1 to 3 Cf

To A.S.(RR)

Please see the Collector's letter at pp 1 to 3 Cf.

2 ~~Board~~ Attention is solicited to the notes and orders at pp 1 to 3 Nf of (J). The Collector in his letter at pp 5 & 6 of (J) expressed the opinion that the Mission may be considered to have complied with the conditions of the ~~original~~ grant for the reasons stated in the notes at pp 1 to 3 Nf of (J), the Board recommended an extension of time for two years. The Govt accepted the Board's recommendation.

3 The extension of time granted in Go No 1382 Rs Rev dated 4-8-1933 expires on

On 15.4.1935 Para 1 & 2 of the Collector's report and the sketch at P 5 of show the improvements made so far. The Collector has raised the question whether ~~in view of the fact that the adult Koragas show reluctance to take up agriculture, that the hope of the Mission is to teach the younger generation~~ the Mission may not now be considered to have complied with the conditions of the grant. When the children ~~grow~~ up in the Settlement grow up, they have requisite land remaining undeveloped for agricultural purposes. The Collector therefore considers that the purposes of the grant will be substantially fulfilled in

has observed that the total extent now remaining undeveloped is much less than half the extent ~~alienated~~ alienated / The Mission is handicapped for want of funds to and could not therefore carry out the conditions of the grant On the principle that if the Mission were dry to complete the scheme early if it knows that the Govt are watching the progress of the scheme, the Board may grant an extension of time for 2 more years from 16-4-35

4 According to condition (4) of the conditions of alienation in paragraph 2 of G.O. No. 752 Rev Rev 16-4-30 lands shall be free of assessment for the first five years the Govt reserve to themselves the right to decide at the end of that period whether any assessment shall be charged on the area actually brought under cultivation The Collector reports that the Mission does

not derive any income from the Settlement. He is of the opinion that (in view of its good work) there is no reason to deny to the Mission encouragement or to refuse to continue the concessions already granted to it by Govt. He recommends that the lands may be exempted for a further period of five years from payment of land revenue. The Board may support the collector's recommendation to Govt.
